Our main business is the manufacture and sale of pharmaceuticals, quasi-drugs, nutritional beverages, and health foods, and we maintain a manufacturing system that utilizes strict quality control and state-of-the-art equipment in a GMP-certified factory. In the manufacture of pharmaceuticals, we thoroughly manage everything from receiving raw materials to packaging and shipping in a clean environment that is isolated from the outside world, and our employees' high hygiene awareness and technical skills support the provision of safe and secure products.</p> <p>Our strength lies in our ability to develop products that meet the diversifying needs of self-medication by combining the know-how of pharmaceutical manufacturing that we have accumulated since our founding with the latest formulation technology. With a particular foundation in the field of energy drinks, we are contributing to health maintenance from a wide range of angles, from pharmaceuticals to health foods, in anticipation of social issues such as the increase in health consciousness and lifestyle-related diseases.</p>
